1 Do it where it counts.....	2
------------------------------	---

1. Do it where it counts

This project exists completely by itself, as a testbed, sandbox and a playground for all things imaginable. Per se, no help is needed - I'll do just fine.

However, there are other projects in the [family](#) that need help, most notable being the [DIY Zoning Project](#) - if you feel like doing something good, [donate to it instead](#).
